Portland Harbor Team,

See attached for the Draft HxCDF Evaluation Memo and Attachment we plan to issue to the site file. This records additional information regarding the decision and why EPA decided to pursue the change as an errata. Please get me any comments by the end of the week. Let me know if you need more time.

Also attached is the Revised Draft Errata #3 for the HxCDF correction that has been updated after everyone's previous review in case this is helpful during your review. (Elizabeth – you may want to start your review on this fresher one rather than the one sent out last week).

Feel free to ask questions. Thanks!
